How to Support CCSEM's Coronavirus Outreach

Support Our Efforts Through a Financial Donation

Bless Someone Today!

Donate to Catholic Charities of Southeast Michigan to assist in our efforts to continue to operate all our necessary social and support services across the Archdiocese of Detroit. We will continue to offer behavioral health services remotely, serve food to those in need in Detroit, and expand our services to support seniors.

Please consider giving to our efforts during this time of crisis. If you wish to designate it to our COVID-19 support efforts please select the specific fund:

Program Highlight

La Casa Amiga Legal Clinic and Community Programs

Our La Casa Amiga staff has been working hard to help families overcome the economic difficulties, the challenges in accessing services, the difficulties in accessing educational supports, and the isolation and fear during this tumultuous time. Our food pantry is most visible because of the big palates and boxes of food, but our whole staff who oversees mentoring, tutoring, reaching out to schools, and legal services are doing a spectacular and dedicated job of serving our community!

Thank You to our COVID-19 Outreach Sponsor!

Catholic Charities of Southeast Michigan (CCSEM) was recently awarded the \$150,000 COVID-19 Community Response grant from Bank of America Charitable Foundation, Inc. The grant was awarded to support CCSEM's critically important work addressing the coronavirus crisis. Thanks to Bank of America's support, CCSEM will be able to continue serving thousands of vulnerable community members throughout this health crisis.
