

## CCSEM News

### CCSEM's Annual Celebration will be Hosted Virtually!

Given the uncertainty of our ability to come together to celebrate due to the current pandemic, out of an abundance of caution the event will be hosted virtually.

## Program Highlight

### Adult Day Health Services

Since 1983, CCSEM has provided supervised daytime care and activities for adults who are forgetful, confused, or physically frail and need loving, supervised assistance during the day. Caregivers find much needed time and support services to cope with the changes and challenges of life. Our services allow caregivers to work, go to school, run chores, or take a well-deserved break! CCSEM provides individualized care for clients, making sure their interests are considered in daily activity planning.
